STATEMENT OF WORK (SOW) REBUILD OF OPTICAL SIGHT FOR THE LAUNCHER ASSAULT ROCKET, 83MM, (SMAW) MK153 Mod 0 NSN 1240-01-165-2183

- 1.0 <u>SCOPE</u>. This Statement of Work (SOW) establishes and sets forth tasks and identifies the work efforts that shall be performed by the Contractor to rebuild the Optical Sight, NSN 1240-01-165-2183 in support of the Launcher Assault Rocket, 83MM, MK153, Mod 0, ID Number: 8A538B, TAMCN E0915, NSN 1055-01-164-4608. This document contains requirements to rebuild the Optical Sight Assembly for the Launcher Assault Rocket, 83MM, MK153, Mod 0 to condition code 'A'. Condition code 'A' is defined as serviceable/issuable without qualification, new, used repaired, or reconditioned material which is serviceable and issuable to all customers without limitation or restriction, including material with more than six months shelf-life remaining.
- 1.1 <u>BACKGROUND</u>. Rebuild is defined as "That maintenance technique to restore and item to a standard as near as possible to original or new condition is appearance, performance and life expectancy. This is accomplished through a maintenance technique or complete disassembly of the item, inspection of all parts or components, repair or replacement of worn or unserviceable parts/elements using original manufacturing tolerances and/or specifications and subsequent reassembly of the item.
- 2.0 <u>Applicable Documents</u>. The following documents form a part of this SOW to the extent specified. Unless otherwise specified, the issues of these documents are those listed in the Department of Defense Index of Specifications and Standards (DODISS) and supplement thereto which is in effect on the date of solicitation. In the event of conflict between the documents referenced herein and the contents of the SOW, the contents of this SOW shall be the superseding requirement.

2.1 Military Standards

MIL-STD-2073-1D DoD Standard Practice for Military Packaging MIL-STD-129 DoD Standard Practice for Military Marking

2.2 Other Government Documents and Publications. The issues of those documents cited below shall be used.

TM 08673A-24&P/2A Organizational and Maintenance Manual, Launcher

Assault Rocket, 83MM, (SMAW), MK153 Mod 0

Military Handbooks (For Guidance)

MIL-HDBK-61 Configuration Management Guidance

2.3 Industry Standards

ANSI/ISO/ASQC Q9003-1994 Quality Systems-Model for Quality Assurance in

Final Inspection and Test

Industry Standards (For Guidance)

ANSI/EIA-649

National Consensus Standard for Configuration Management

Copies of Military Standards and Specifications are available from the DOD Single Stock Point, Document Automation and Production Service, Building 4/D, 700 Robbins Avenue, Philadelphia, PA 19111-5094, Telephone (215) 697-2179 or DSN 442-2179, or http://www.dodssp.daps.mil. Copies of other government documents and publications required by contractors in connection with specific SOW requirements can be obtained by contacting Life Cycle Management Center, Code 833-4, 814 Radford Blvd, Albany, GA 31704-1128, commercial telephone number (229) 639-6594 or DSN 567-6594. Copies of engineering drawings, if applicable, shall be obtained from Life Cycle Management Center, Attn: (Code 851-3), 814 Radford Blvd, Suite 20320, Albany, GA 31704-0320, commercial telephone number (229) 639-6410 or DSN 567-6410.

3.0 Requirements

- 3.1 <u>General Tasks</u>. The Contractor shall rebuild the Optical Sight in accordance with TM 08673A-24&P/2A, Pages 6-167 through 6-200.
- 3.2 <u>Quality Assurance Provisions.</u> The Contractor shall provide and maintain a Quality System that, as a minimum, adheres to the requirements of ANSI/ISO/ASQC Q9003-1994, Quality Systems-Model for Quality Assurance in Final Inspection and Test.
- 3.3 Packaging, Handling, Storage and Transportation (PHS&T).
- a. The Contractor shall be responsible for preservation and packaging of items being repaired under the terms of this statement of work. Items scheduled for long-term storage or shipment to overseas destinations shall be to the level "A" requirements of MIL-STD-2073-1D, Method 42. Items scheduled for immediate use, domestic shipment or short-term storage shall be to level "B" requirements.
 - b. Marking shall be in accordance with MIL-STD-129.
- c. The Marine Corps will provide the contractor with the shipping address(es) for delivery of the rebuilt equipment. The contractor shall be responsible for arranging for shipment to the pre-designated site(s). The Marine Corps will be responsible for transportation costs associated with shipping the subject equipment to and from the Contractor.
- 3.4 Government Furnished Equipment (GFE)/Government Furnished Materiel (GFM). GFE is government owned equipment authorized by contract for use by a commercial/Government contractor. It is neither consumed during production nor incorporated into any product. GFM is materiel furnished to a contractor that will be consumed during the course of production or incorporated into the product being manufactured/remanufactured under a contract/statement of work. In the event the Marine Corps does have GFE/GFM requirements the Management Control Activity (MCA/Code 827-2), Marine Corps Logistics Bases, Albany, Georgia, will coordinate required GFE and will maintain a central control on Marine Corps assets in the Contractor's

possession. The MCA will forward a GFE Accountability agreement to the Contractor Facility for signature to establish a chain of custody and property responsibilities for Marine Corps assets.

3.5 <u>Configuration Control</u>. The contractor shall apply configuration control procedures to established configuration items. The contractor shall not implement configuration changes to an item's documented performance or design characteristics without prior written authorization. If it is necessary to temporarily depart from the authorized configuration, the contractor shall prepare and submit a Request For Deviation. MIL-HDBK-61 (paragraph 4.3 and Table 4-9) and ANSI/EIA-649 (paragraph 5.3.4) provide guidance for preparing this configuration control documents.

4.0 Reports.

- 4.1 <u>Monthly Progress Report</u>. The Contractor Facility shall provide one copy of the Monthly Progress Reports to Commander, Marine Corps Logistics Base, Attn: Code 833-4, 814 Radford Blvd., Albany, GA 31704-1128 summarizing the progress and status. The report shall be due the tenth day of each month for the previous month in the format contained in the report instructions contained in Appendix A and the example data contained in Appendix B to this SOW.
- a. <u>Cover Sheet</u>. The report provided shall contain the contractor's name, address and phone number, nomenclature of the supported Weapon System, date of the report, covered period of the report and the title of the report. Each page of the report shall be sequentially numbered (i.e., 1 of 5) and will reflect the title of the report, the date the report was prepared and the period covered.
- b. <u>Contractors Organization</u>. Report any significant changes to the contractor's organization or method of operation that may impact cost, production or scheduling.
- c. <u>Technical and Scheduling Elements</u>. Report problem areas affecting technical or scheduling elements, with background and recommendations for solutions within and beyond the scope of the contract.
- d. <u>Cost Elements</u>. Report problem areas affecting cost elements, with background and any recommendations for solutions within and beyond the scope of the contract within two working days.
- e. <u>Trips</u>. Report any trips and significant results in support of the equipment covered by this SOW.
- f. <u>Telephone Calls</u>. Record all significant telephone calls and any commitments made by telephone in support of the equipment covered by this SOW.
- g. <u>Engineering Change Proposal (ECP) Status</u>. Report a summary of ECP(s) status including identification of proposed ECP's and implemented ECP's.
- h. <u>Cost of Engineering Change Proposals.</u> Report all costs associated with trips, ECP's modifications and other related activities not previously included in the contract and/or repair price as Other Cost (OC) which must be explained in reasonable detail.
 - i. Planned Activities. Report plans for activities during the next reporting period.

- j. <u>Report Preparation</u>. Include in the report the name and telephone number of the person who prepared the report.
- k. <u>Appendixes</u>. Appendixes for any necessary tables, references, photographs, illustrations and charts will be included on the first report and any changes/amendments/new requirements as occurs.
